

BSc (Hons) International Business Management

Complete your degree in just 2 years!

Complete your degree in two years, save on your tuition fees and reduce your living costs when you study our accelerated 2 year International Business Management degree.

You know that the global world of business is connected, fast-paced and innovative; that industry needs forward-thinkers and new ideas. And you want to graduate with knowledge that's fresh, relevant and influential. Our full-time International Business Management degree will ensure you do just that.

Foundation or First Year degree entry

- Learn how to operate in a multi-cultural context, studying alongside and from students and academics from around the world.
- Enhance your professional skills as part of the 'Business School Intern Programme'.
- Take part in business ideas competitions, the Big Pitch and the Little Pitch, to find a chance to pitch for the money and support you need to make it happen.
- Include an optional and exciting semester spent studying in Europe.
- Save a year's living costs. The nature of accelerated programmes means that overall living costs may be reduced.

As it's an accelerated course, you'll undertake an intensive six-week period of study in June-July each year, in addition to regular term-time study.

This degree is also available as a standard, non-accelerated 3 year degree, or 4 year with foundation.

If you choose to study abroad one semester, flights and accommodation may cost up to £1,000.
